Real World Success: Martin Luther King, Jr. Elementary School, Rio Rancho

Martin Luther King, Jr.

Elementary

Tammy Hartt, Workroom Manager at Martin Luther King, Jr. Elementary School in Rio Rancho loves her Cutout Maker.

"I have to use it every day, it's so great!" she says, of the machine she's had for three years. "Teachers love not having to come and do manual die cuts. With so many different designs, the Cutout Maker is really great."

Hartt uses the time saving Cutout Maker for everything from shapes and manipulatives for math to holiday cutouts for bulletin boards. The two template modules she uses most also include leaves, animals and more for social studies, science and other subjects.

"Plus, the Cutout Maker is so easy to use," she adds. "I just punch in the information, and the software does it all. Today, I had to cut out 625, half-inch circles, which would

have taken hours with a manual die cut. With the Cutout Maker I just punched in everything and went on to other projects!"

The time savings is key for Hartt, as is the savings in paper because the Cutout Maker automatically positions the cutouts to make efficient use of paper.

"It cuts to the edge of the paper, so there's no waste. We save tons of paper, and tons of time," she says.

Ask us about how the Cutout Maker can save you time, paper and money, too. Call us at (505) 268-6520 or toll free (866) 462-2463 or [email](#).
